

Saturday Night Services at The Centre

"Saturday Night Life" at The Centre

Meets weekly in the Warehouse at 6:00PM sharp!

Worship Time:

Generally, our meetings begin with a time of spontaneous prophetic worship. During this time we encourage people to worship the Lord in complete freedom - to dance before Him, bow, lift up holy hands, kneel, or just sit quietly in their seats. We always encourage freedom of dance and loving, artful expression to God in worship. Our belief is: "Where the Spirit of the Lord is there is liberty" and ministering to Him is the emphasis of our worship time.

Over the years we have developed a maturity and trust in our prophetic people and allow an open microphone during worship

where prophetic words, biblical readings, spontaneous prophetic songs, and spiritual songs are given. (1 Corinthians 14:26; Ephesians 5:19) We do have a protocol for new folks and visitors in this setting.

Sharing of God's Word:

The sharing and teaching in the services is usually done in series, helping to equip the saints in particular subjects of ministry and gifting. This is most effective in moving us into practical application of what is expressed in the teaching series. Often along with the teaching there is a time of practical application allowing people a time of on hands learning.

Ministry Time:

Ministry time will vary, as the Holy Spirit leads. Trained and equipped prayer and healing teams are available to pray for the sick, needy and hurting at the end of each service. Additionally,

we have trained and equipped prophetic ministry teams who minister the word of the Lord within the parameters of edification, exhortation and comfort. *(1 Corinthians 14:3)*

Child Care:

Child care is available every Saturday night. We offer more than a baby sitting service. Our child care is a place where your children can learn through Christian videos and teaching. A good place for the little ones!
